

# SHOWER TIME

## SHOWER TIMER

### Digital Waterproof Timer Features:

- Real time clock, Minute/Second countdown timer, Buzzer sound output
- Accuracy: +/- 3 seconds per day / Sturdy rubber suction cup / Water resistant to 1 metre

### Operation and Setup

#### Real time clock mode: 3 keys (M,S, START/STOP)

- Press "START/STOP" key to switch from timer mode to clock mode
- Press and hold the "START/STOP" key for 3 seconds. "00:00" shows on the LCD screen and the first "0" flashes
- Press "M" to increase the digits, hold continuously to accelerate
- Press "S" to decrease the digits, hold continuously to accelerate
- Press "START/STOP" to switch setting from first 2 digits to last 2 digits
- Press "M" to increase the digits, hold continuously to accelerate
- Press "S" to decrease the digits, hold continuously to accelerate
- Press "START/STOP" key to confirm the setting

#### Timer Mode: 3 keys (M,S, START/STOP)

- Press either "M" or "S" key to switch from clock mode to timer mode
- Press either "M" or "S" key to switch from timer mode to clock mode (this only works when timer is running)
- When "00M00S" displays on the LCD, set the desired countdown time using the "M" and "S" keys
- Press "M" to increase the minutes, hold continuously to accelerate
- Press "S" to increase the seconds, hold continuously to accelerate
- If no key is pressed for 15 seconds, it will automatically switch from timer mode to clock mode
- M: from 00min to 99min and then back to 00minutes
- S: from 00min to 59min and then back to 00minutes
- To reset to 00min00sec, press "M" and "S" together
- Press "START/STOP" key to start countdown
- Press either "M" or "S" key to switch from timer mode to clock mode while counting down
- Press "START/STOP" key to temporarily stop the countdown
- Press "M" and "S" together to reset to 00min00sec, otherwise press "START/STOP" to resume countdown (if no key is pressed when countdown is stopped, the timer will revert to clock mode after 15 seconds and the timer amount will be saved)
- Once time is up, the alarm will beep continuously for 1 minute, otherwise press any key to stop alerting manually
